

## Providers by Specialty and Sub-Specialty

The list is not meant to be exhaustive or definitive nor does it represent either a guarantee of competence or endorsement by the Department of State or the US Embassy. It does indicate that the Embassy Community has utilized them in the past. Retention on this list depends upon a combination of factors including availability, training, and positive assistance in previous consultations, etc. Patient input, both positive and negative, regarding experience with local health care providers, is always welcomed as it provides additional information to assist the Health Unit making decisions about expanding or contracting the list. The Health Unit provides a questionnaire to assist you in reporting your experience.
